## **Nate Frederick, CS**

Christian Science practitioner

Member of the Christian Science  
Board of Lectureship

Experiencing first-hand the healing power of Love is Nate's favorite thing. It's what makes him tick.

Nate studied religion and perennial philosophy at Hampshire College where he was introduced to Christian Science healing. Although he was enamored with the academic exploration of spirituality, what he truly desired most was to practice spirituality in a tangible way – he wanted to experience God and heal others.

This deeper sense of purpose led Nate to become a full-time Christian Science practitioner, who helps others find healing. In his lectures, Nate enjoys sharing how, in his eyes, healing through prayer is life's greatest adventure.
